# Carnival Blast PA System

*The Ultimate Outdoor Announcement Sound Solution for School Sports Carnivals, Fetes, & Other Large Outdoor Events.*

Looking for the perfect PA system to energize your next large scale outdoor event? Look no further! Introducing the Carnival Blast PA System—engineered for powerful, clear sound across large outdoor spaces like football ovals and sports fields. Whether it's rallying the crowd, making announcements, or playing music, this system delivers top-notch performance in any environment.

# Carnival Blast PA System

## Powerful Mixer Amplifier

The heart of the Carnival Blast is its 120 or 240-watt mixer amplifier, giving you enough power to ensure your voice and music are heard loud and clear from every corner of the field.

The amplifier is built to handle the demands of large, outdoor spaces, so you can keep the energy high, no matter the size of your audience.

## Built-in Bluetooth Connectivity

Easily stream music, announcements, or any audio from your smartphone or tablet with built-in Bluetooth connectivity. No wires, no hassle—just smooth, wireless streaming to keep the energy flowing seamlessly throughout the event.

## Wireless Microphone Receiver & Handheld Mic

With the included wireless microphone system, you'll have the freedom to move around without being tied to a podium. The handheld wireless mic offers exceptional range and clarity, so whether you're standing at the finish line or at the grandstand, your voice will carry effortlessly.

## Supplied Desktop Microphone for Easy Access

Need a fixed position for announcements? The Carnival Blast includes an easy-to-connect desktop microphone, which plugs in via the rear of the case for straightforward access. This is ideal for event hosts or officials who need to make ongoing announcements with ease.

## 4 x Weatherproof Horn Speakers

Designed to handle outdoor conditions, the system comes with 4 weatherproof horn speakers capable of delivering crisp, clear sound across an entire football oval. Rain or shine, these rugged speakers are built to withstand the elements, ensuring reliable performance no matter the weather.

## All-In-One, Pre-Wired & Ready to Go

The Carnival Blast PA System comes in a lightweight, pre-wired case, making setup a breeze. Simply open the case, connect the speakers, and you're ready to broadcast. Perfect for schools with limited technical staff—no complicated wiring or setup is required. Just plug, play, and enjoy!
